THEODORE & CRACOW

----- Theodore Population: 438 Cracow Population: 89

Theodore is named after former Queensland Premier, Edward 'Red Ted' Theodore and is a picturesque town at the junction of the Dawson River and Castle Creek. Accommodation options include low cost campgrounds, hotel and motel rooms and riverside cabins at the community-owned Hotel Theodore. The area is renowned for platypus-spotting, fishing, excellent drive trails and fantastic events. The Theodore Centennial celebrations are being staged over 3 years, with a multitude of events, including the re-enactment of the Vice Regal tour. The name Cracow is contentious – some believe that the name comes from the sound of a cracking whip "Crack-oh", while others insist it is named after the Polish capital, Krakow. Regardless, all agree that the ghost town of Cracow is a must-see, especially the famous Cracow Pub, packed with memorabilia, and mining museum;.
